CATEGORIES, ESTABLISHED STANDARDS & RECORDS

ELIGIBLE CATEGORIES

Please refer to the current Ontario Recreational Fishing Regulations Summary to determine the open seasons for each species.

Species	Weight (lbs.)
Atlantic Salmon	24.30
Aurora Trout	6.64
Bigmouth Buffalo	24.45
Black Crappie	3.78
Bluegill	1.83
Bowfin	15.10
Brook Trout	14.50
Brown Bullhead	2.67
Brown Trout	34.38
Burbot (Ling)	17.95
Channel Catfish	33.36
Chinook Salmon	46.38
Coho Salmon	29.22
Common Carp	41.88
Fallfish	3.16
Freshwater Drum	22.64
Goldeye	2.20
Lake Herring (Cisco)	4.33
Lake Trout	63.12
Lake Whitefish	14.77
Largemouth Bass	10.43
Longnose Gar	21.20
Mooneye	2.02
Muskellunge	65.00
Northern Pike	42.12
Pink Salmon	13.06
Pumpkinseed	1.37
Quillback	6.01
Rainbow Smelt	0.37
Rainbow Trout	40.68
Rock Bass	3.00
Sauger	4.40
Saugeye (Sauger x Walleye)	4.53
Shorthead Redhorse	5.55
Silver Redhorse	9.81
Smallmouth Bass	10.15
Splake (F1 & Backcrosses)*	20.71
Sunfish Hybrid (Bluegill x Pumpkinseed)	1.04
Tiger Muskellunge (Muskellunge x Northern Pike)	26.44
Walleye	22.25
White Bass	3.44
White Crappie	2.78
White Perch	1.50
White Sucker	5.39
Yellow Perch	2.52

HISTORIC RECORDS (No entries accepted)

American Eel	5.10
Lake Sturgeon	168.00
River Redhorse	12.05
Wiper (Temperate Bass Hybrid)	21.18

* F1 is the first generation of a hybrid species and backcrossing is the subsequent breeding of the F1 hybrid to the original parent species.

OFAH | Ontario Record Fish Registry

The Ontario Federation of Anglers and Hunters (OFAH) | Ontario Record Fish Registry has been developed to recognize the largest fish legally angled from Ontario public waters. Almost fifty game and nongame fish categories (see Record Fish Listing for eligible fish categories) will receive recognition. Replications of many of these record fish are currently displayed at the OFAH | Mario Cortellucci Hunting and Fishing Heritage Centre.

Please refer to the current Ontario Recreational Fishing Regulations Summary to determine the open seasons for each species. All entries will be acknowledged and entrants will be notified within 60 days after submission regarding the ranking of their fish. The following are the fish entry requirements for consideration in the OFAH | Ontario Record Fish Registry:

- Fish must be legally angled in Ontario public waters during regular open seasons and be entered within 30 days of being caught.** *Fish artificially raised to maturity or illegally relocated from waters outside of Ontario are not eligible.*
- Fish must be caught with hook and line, on rod and reel or ice fishing apparatus, and must be entered only by the person listed as the angler.** *Fish caught using spears, seines, dip nets, or bow and arrow will not be considered.*
- Fish must be weighed on government-inspected scales, and measured for Total Length and Total Girth. Your entry must include a photo(s) of the fish on the scale that clearly displays the weight of the fish. Total Length is the measurement from the tip of the snout to the tip of the tail (with the tail collapsed) in order to get the longest possible measurement. Total Girth is measured at the fish's widest point. * These measurements must be accompanied by validations on the witness statement portion of the application form, or a letter signed by the witness stating the same information. ***
- Each entry must be accompanied by high resolution, colour photos, showing full length side view of the fish with fanned out fins (tail fin, dorsal fin, and anal fin). The photograph should include a ruler alongside the fish to verify length. Both the fish and ruler should be the same distance from the camera.**
The following photos will expedite species identification and processing: close-up side profile of the head; underside and top of fish, and mouth and lips (for suckers only).
- All fish entered must be whole, frozen and in possession of the angler until requested by Registry Officials for species verification. Freeze in a block of ice to prevent freezer burn and protect the fish against damage.**

In its decision, the OFAH reserves the right to reject or accept any entry, and all decisions of the OFAH Registry Officials are final. Registry Officials include fisheries biologists or other qualified officials from the OFAH, Ministry of Natural Resources and Forestry (MNR) and the Royal Ontario Museum (ROM). The OFAH extends its thanks to the MNR and the ROM for their involvement in the OFAH | Ontario Record Fish Registry.

Note: It is not required for the OFAH | Ontario Record Fish Registry entry, but it is recommended that the angler keep a six-foot length of the fishing line that was used to catch the fish. International record fish registries have line class categories and require a sample of the line.

Angler Recognition

Each new OFAH | Ontario Record Fish Registry record holder will receive recognition:

- on the OFAH | Ontario Record Fish Registry web page;
- in *Ontario OUT of DOORS* (OOD) magazine;
- in OFAH and OOD social media;
- in the OFAH | Mario Cortellucci Hunting and Fishing Heritage Centre's Record Fish wall touch screen; and
- via OFAH | Ontario Record Fish Registry certificate acknowledging their remarkable catch.

In addition, any new OFAH | Ontario Record Fish Registry record holder who wishes to have a replica of their fish produced, will receive a 15% discount on replica pricing at Advanced Taxidermy (to be arranged by the angler at his/her own expense).
